# A *career in* ENGINEERING & TECHNOLOGY IS WAITING FOR YOU.

IEEE offers student awards, competitions, and other opportunities to get actively involved.

What started as an effort in 1884 to form an association of electrical engineers to provide aid to others in the same profession has now manifested into the largest technical professional organization in the world. It now recognizes itself as 'the trusted "voice" for engineering, computing, and technology information around the globe.'

IEEE (pronounced as Eye-triple E) is the largest technical professional organization in the world dedicated towards expanding the scientific frontier for a better tomorrow, acting as a bouncing board for the capable and bringing the scientific community together by linking it to the well-established network via the web, conferences, magazines etc. IEEE Student Branches helps the budding generation to get a taste of what it's like to be in the technical community. It connects them to resources, faculties, mentors, provides access to programmers, projects and acts as a gateway to international competitions. **BBDITM**, is a college located in the suburbs of the city of Lucknow. In March 2020, it joined the IEEE as a student branch. Our closely knitted team has been actively and cheerfully operating since then by organizing webinars, virtual workshops, conferences and local competitions online and offline. **Join today!**

IEEE students

Begin Networking in Your Areas of Interest and Future Profession.

Meet other people who share the same interest as you and start networking early. It's not hard to measure this activity when you consider that opportunities for people who network far exceed opportunities for those who do not.

Connect with Local IEEE Sections and Volunteer Leadership.

Student Branches provide an opportunity for IEEE Student members to begin networking in their areas of interest and future profession. There are over 3,000 Student Branches in over 100 countries, globally.

Learn About Scholarships, Grants, and Fellowships for IEEE Student Members.

IEEE offers a variety of scholarships for IEEE Student members. As a member you'll be able to search our database of available funds to help finance your advancement from Student to Young Professional and beyond. Your local IEEE Student Branch has access to funding that helps the group organize events and help individuals like you have access to scholarships and awards. You can submit a projects or papers for consideration and have the opportunity to win awards and funding while gaining peer recognition for your efforts. The IEEE Foundation support various Education Funds including Student Travel Grants. These grants were created to help you focus on your goals of advancing your potential in areas not local to you.
